IVO VIRTU SERIES
Made in Portugal

Razor sharp blades are hot-dropped forged from single blanks of surgical steel and taper ground to allow for constant successful sharpening. The uniquely crafted stainless steel handles offer perfect balance and have a sealed diamond blast finish for a comfortable slip resistant grip.
(H.R.C ~54-56)

HACCP 55000 Series Colour Coded Knives

High quality blades manufactured from special stainless steel containing Carbon, Chromium and Molybdenum, ensuring high hardness, long lasting edges with high resistance to corrosion and excellent cutting power. Ergonomic nonslip handles made from thermoplastic elastomere (Santoprene) ensures perfect handling and balance.

Non-toxic, high impact and temperature resistant. Made In Portugal (H.R.C ~ 54-55)

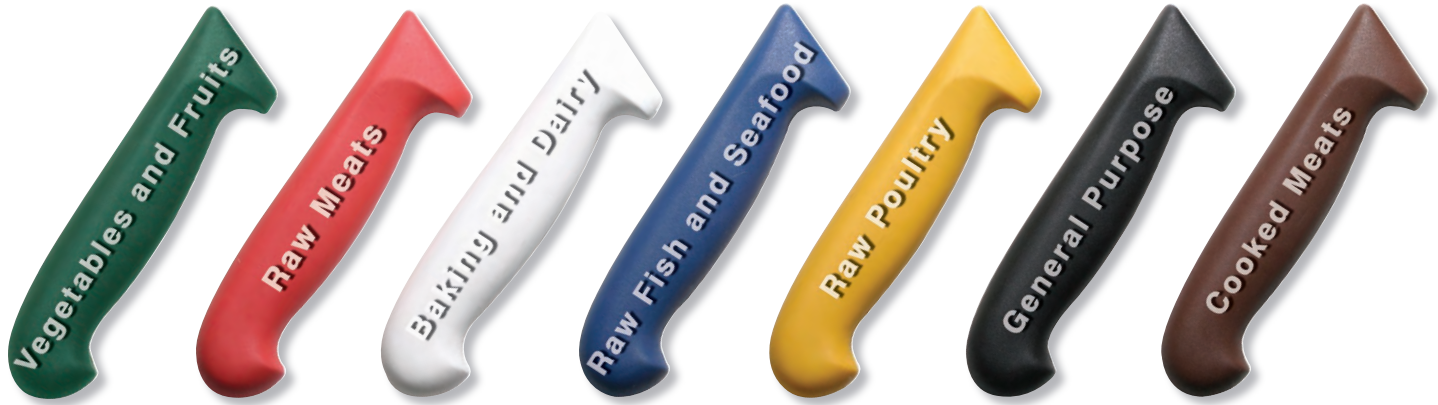

Helps identifies each knife with a specific task.
Reduces the potential for cross contamination of food during the food preparation process.

Silicon Cake Moulds

With patented Safe Ring designed to support your mould, lets you move it safely, easily and without spillage, even when full. The ring is made from a special type of fibreglass and is the only mould support that can be fitted and removed whenever you need.

Available in terracotta and silver

Manufactured with 100% silicon. HACCP approved Siliconflex™ moulds. The Siliconflex surface is anti-adhesive so it is not necessary to grease before use. The flexibility of the Siliconflex™ guarantees a quick and easy removal. It is easy to clean with hot water and a soft sponge. Can be used with temperatures ranging from -60°C to +280°C. Perfect for freezing or baking into static, rotor or microwave ovens and automatic lines.
